

Quarter to Semester Credit Conversion

If a student has taken courses at an institution using quarter credits or units other than semester credits, Great Falls College MSU will convert any quarter credits/units transferred into semester credits. Credits will not be lost in the conversion. For example, 15 quarter credits ($15 \times 2/3 = 10$) would convert to 10 semester credits.

If a course is transferred as a required course for a degree or credential, it will be accepted as the equivalent Great Falls College MSU course. If the course is not the same semester hours as the course at GFC MSU, the student will need to meet program hours for graduation.

Please see the link below for more information and the entire policy.
