# Interior Design

## Associate of Applied Science Degree

## NOTE: This program is in moratorium and will not be accepting new students

The Interior Design program has been developed to prepare students with a wide variety of skills and competencies for entry into various areas of the design field, ranging from residential to commercial design. Great Falls College MSU is a National Kitchen and Bath Association (NKBA) Accredited School. Students will complete 160 internship hours.

Outcomes

## Graduates are prepared to:

- Understand the theory and history of design and apply design principles and elements to their projects.
- Communicate in the language of interior design using listening, verbal, and written skills to interact with clients.
- Communicate graphically according to current architectural and NKBA standards using both hand-drafting and AutoCAD techniques.
- Demonstrate research abilities and critical thinking in space planning, selection of finish materials, and application of codes for residential and commercial projects.
- Increase their body of knowledge in a wide variety of areas including construction and finish materials, color and lighting technologies, NKBA guidelines, residential and commercial codes, sustainability, and professional practice.
- Employ creative skills to create presentations of their projects using hand- and CAD drafting and rendering and professional sample boards and finish schedules.

Estimated Cost

## Estimated Resident Program Cost*

| | |
|---|---|
| Tuition and Fees | $6,953 |
| Application Fee | $30 |
| Lab Fee | $14 |
| Program Fee | $50 |
| Books/Supplies | $2,432 |
| Total | $9,478 |

\* **Fall 2017 MUS Student Health Insurance Premiums will be changing. Please check the Health Insurance website** (http://students.gfcmsu.edu/insurance.html) **and/or Student Central for confirmed premium rates. Students will be charged an additional fee of $21 per credit for online/hybrid courses.**

Program Requirements

Many students need preliminary math and writing courses before enrolling in the program requirements. These courses may increase the total number of program credits. Students should review their math and writing placement before planning out their full program schedules.
