

CPBAC – College Planning, Budgeting, and Analysis Committee

09-25-20 | 8:30-9:30 am | via webex

Members in attendance:

Andrea Fossen	Staff Senate
Dave Bonilla	Chief Technology Officer
Mary Kay Bonilla	Chief Student Affairs and Human Resources Officer
Leanne Frost	Executive Director of Instruction
Leah Habel	Director of Financial Aid
Lorene Jaynes	Chief of Staff
Shannon Marr	Director of Recruitment and Enrollment
Marla McFerrin	Faculty-at-Large
Ben McKinley	Classified Staff-at-Large
Kathy Meier	Director of Disability Services
Charla Merja	Director of Academic Success
Russell Motschenbacher	Director of Health Sciences
Eleazar Ortega	Institutional Researcher
Tammie Hickey	Interim Director of Lifelong Learning
Jana Parsons	Faculty Senate Chair
Carmen Roberts	Executive Director of Operations
Joel Sims	Director of Trades
Gary Smart	Director of Facilities Services
Troy Stoddard	Director of Advising and Career Center
Scott Thompson	Director of Communications and Marketing
Karen Vosen	Classified Staff-at-Large
Dena Wagner-Fossen	Registrar
Susan Wolff	CEO/Dean
Mandy Wright	Interim Director of Library Services, Assessment, and Teaching & Learning Center

Members not in attendance

Joel Sims	Director of Trades
-----------	--------------------

I. Introduction – Susan Wolff

GFC received three OCHE GEER grants.

- Creation of OneMSU Consortium between GFC, Gallatin College and City College. The first program offered within the new consortium will be Respiratory Therapy, which will be submitted to the BOR for removal from moratorium.
- CompTIA trainings to help people obtain certifications
- Remote Welding program

In addition, OCHE is submitting a grant proposal to the U.S. Department of Labor October 8. This is a four-year, \$5M consortium grant focused on collaboration, working with state industry associations, workforce learning, etc.

Dr. Wolff welcomed Tammie Hickey as our Interim Director of Lifelong Learning for a year term. Tammie will continue in her role of program coordinator with GFPS Career and College Readiness Center.

Dr. Wolff was encouraged by how well the semester is going and how people are following the healthy fall start plan.

II. Marketing and Communications Report – Scott Thompson

Structure of Communications Office

With the resignation of Tony Bernatonis, the communications office has been restructured. Wayne Breau is handling the major website updates. Wayne has met with several program directors to build user-friendly websites to be used as templates for all programs.

- Major updates – submit to Wayne Breau and Scott Thompson
- Design work – submit to Scott Thompson
- Minor changes – submit to Scott Thompson and Denise Ostberg. Lorene Jaynes is working on these as well.

Program Videos

We have 15-second, 30-second and 2-minute ads on our YouTube channel for physical therapy assistant, dental hygiene, welding, industrial technology/renewable energy, accounting and computer technology.

Here is an example: <https://youtu.be/UL1pSa2Vdkk>

III. Analysis – Carmen Roberts (SEE ATTACHED)

Fiscal Impact Report

This annual review provides a rough idea of program revenue and expenses.

This is not unduplicated headcount information (example: pre-program students are the same students included in General Studies numbers). Pre-programs can positively impact the program's net calculation.

Program expenses might include fees, Perkins dollars, equipment fees, CARES funds (this year) in order to determine the overall cost of running these programs. Division Directors can review this information to determine what decreases, in addition to enrollment, might be causing downturns and make necessary adjustments. This information is only one piece of the snapshots provided by Eleazar.

Our budget was approved by the Board of Regents at the September meeting. We are short about \$40,000 in tuition but our salary savings are about \$100,000.

IV. Staff Senate Update – Laramie Smovir

Staff Senate Executive Team

- President – Pam Buckheit
- Vice President – EJ Suek
- Secretary – Andrea Fossen

Staff Senate has arranged for several food trucks to stop by campus on a set schedule. Food truck vendors have until the end of September to reply and their offerings will not compete with those of the Bookstore.

V. Strategic Goal 1.a Integrate high quality, high impact practices (HIPs) – Mandy Wright, representing CAAAC (SEE ATTACHED)

Current CAAAC committee members include Dena, Eleazar, Jeri, Mandy, Carmen, and Russ as Division Director Representative. Each month CAAAC will share an update with CPBAC on one of the strategic goals.

**Strategic Goal 1. Promote student success, leading to increased retention and completion. (Focus this year)
Strategic Goal 1.a. Integrate high quality, high impact practices (HIPs) (Focus September)**

Update on Activities:

Focusing on identifying where faculty are implementing HIPs, primarily through program assessment plans from department chairs and program directors. Each plan includes a map where HIPs are occurring. Any courses using HIPs as indicated on faculty's course reflections are also included on the map. The result of work drafting framing language will include a definition statement and a checklist for each HIP, which is a list of characteristics to help identify what qualifies as a HIP.

Update on Metrics:

We are on track to achieve first goal. So far many programs have identified one or more HIPs. For General Studies, will look at how HIPs are being used throughout AA and AS rather than by department.

Positives for this Sub Goal:

There is not rejection of this process and faculty wants to know if what they're doing is a HIP.

Challenges for this Sub Goal:

Training resources will be made available including modules from NASH. There is a fair amount of reading involved-want to ensure people have time to utilize the resources provided.

There is no expectation that every course or every faculty member will have a HIP. It is an institution-wide effort to incorporate these at the appropriate level.

**Enrollment Report – Eleazar Ortega
(SEE ATTACHED)**

Eleazar shared Fall 2020 data compared to Fall 2019 as well as the last four terms.

Enrollment as of Fall 2020 Census: Headcount and FTE

Both headcount and FTE are shown. Numbers will change by the end of the semester due to Block B.

Headcount Fall 2020 was 1,157 enrolled students compared to Fall 2019 of 1,315 students.

FTE Fall 2020 was 730 compared to Fall 2019 of 818.

FTE is Full Time Equivalent, which is the number of credits taken by all students enrolled each term divided by 15.

Enrollment as of Fall 2020 Census: Headcount by Division

"Other" includes non-degree students and dual enrollment high school students.

Pre-health science enrollment declined about two years before we saw a decline in Health Science enrollment.

Enrollment as of Fall 2020 Census: FTE by Division

Generally if we see a decline in number of students we also see a decline in FTE. Students in the "Other" category generally take fewer credits.

Enrollment as of Fall 2020 Census: Headcount by Student Type

Enrollment as of Fall 2020 Census: FTE by Student Type

Enrollment as of Fall 2020 Census:

Comparison by headcount and by program. In the first line, -46 means that this semester we had 46 fewer Gen Ed students than we did in Fall 2019.

The next two slides show, for each MUS campus, Fall 2020 enrollment from when enrollment began until now. The first slide includes four-year campuses; the second includes two-year campuses only.

MUS Fall 2020 Enrolled FTE by Date: includes 4 year campuses

MUS Fall 2020 Enrolled FTE by Date: excludes 4 year campuses

IR Announcement: Eleazar will send out an email regarding tableau server training.

The group discussed possible causes for enrollment spikes: concurrent enrollment high school students, later enrollment of new students, and enrollment of program students. Eleazar will research further.

Financial Impacts by Program						
Fiscal 2020 (7/1/19 - 6/30/20)						
<u>Program</u>	<u>FTE</u>	<u>Prg Capacity</u>	<u>Net Impact</u>	<u>Impact Per FTE</u>	<u>Pre-Program FTE</u>	<u>Est. Net Impact of Pre-Prog.</u>
Dental Hygiene	37.5	36	\$48,041	\$1,281	14.57	\$123,708
Dental Assistant	9.2	18	(\$6,194)	(\$676)	0.67	\$5,689
Nursing	54.6	90	\$126,910	\$2,323	72.77	\$617,862

Strategic Planning

Executive Team Update

September 21, 2020

Mission

Great Falls College MSU provides high quality educational experiences supporting student success and meeting the needs of our community.

Strategic Planning 2016-2022 Monitoring and Reporting

College Assessment, Analysis and Accreditation Committee

Eleazar Ortega, Institutional Researcher and Data Analyst

Dena Wagner-Fossen, Registrar

Jeri Pullum, Special Project Coordinator

Mandy Wright, Interim Director of Library Services, Assessment, and Teaching & Learning Center

Carmen Roberts, Director of Operations

Russell Motschenbacher, Health Sciences Division Director

Updated August 2020

Strategic planning focus for 2020

Strategic Goal 1: Promote student success, leading to increased retention and completion

Strategic planning focus for September

Strategic Goal 1.a.

Integrate high quality, high impact practices.

Update on Activities

Identifying where faculty are implementing High Impact Practices

- Collecting information from program assessment plans and individual faculty course reflections

Drafting framing language

- Language that shows how formal definitions relate to our campus

Update on Metrics

There are no data on this sub goal yet.

On track to achieve first goal:

- By May 2021, 80% of programs will identify at least one High Impact Practice

Positives for this sub goal

Faculty are open to examining where HIPs are occurring.

Faculty have indicated they will appreciate framing language to know if what they're doing is truly a High Impact Practice.

Challenges for this sub goal

Once framing language and criteria are determined, making sure people have time to use the resources to be provided.

- Training modules are being developed but they are heavy on reading.

Enrollment as of Fall 2020 Census

Summary	Total HC and FTE	HC by Division	FTE by Division	HC by Student Type	FTE by Student Type	Difference in HC, by Division & Program	HC by Primary Program	FTE by Primary Program
---------	------------------	----------------	-----------------	--------------------	---------------------	---	-----------------------	------------------------

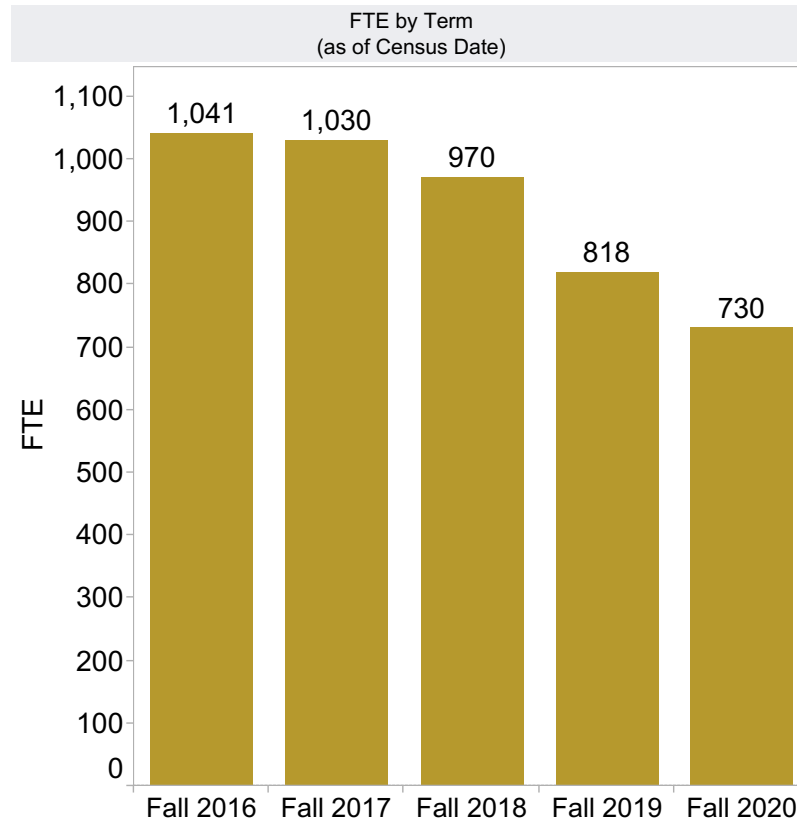

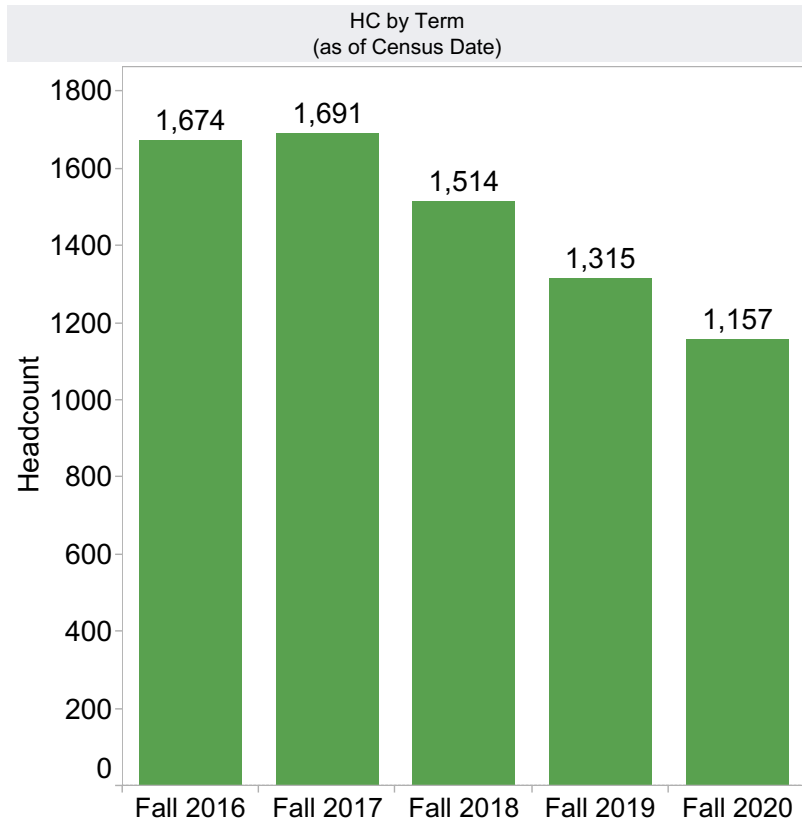

This report contains census data for recent fall and spring semesters. The commissioner's office also posts enrollment data on their website <https://mus.edu/data/dashboards/FTE-enrollments.asp>

Full-time equivalency (FTE) was calculated as the total number of credits students were enrolled in divided by 15. Headcount was shortened to "HC."
