\*The Member may be responsible for any amount by which the actual charges of an Out-of-Network Provider exceed the Allowable Fee.

## **PROVIDERS OF CARE FOR MEMBERS**

Covered Providers may be Participating Providers or nonparticipating providers.

### **Participating Providers**

Participating Providers include those providers who or which have a contract with Blue Cross and Blue Shield of Montana and are listed in the current provider directory. The providers include Participating Blue Cross and Blue Shield of Montana Professional Providers and Participating Blue Cross and Blue Shield of Montana Facility Providers.

### **Nonparticipating Providers**

A nonparticipating professional or facility provider does not have a contract with Blue Cross and Blue Shield of Montana.

The Member may be responsible for a greater portion of the cost for any covered services received from the nonparticipating provider than if the Member had received the same covered services from a Participating Provider.

### **How Providers are Paid by The Plan and Member Responsibility**

Payment by The Plan for Benefits is based on the Allowable Fee and is impacted by the participation or nonparticipation of the provider in the Blue Cross and Blue Shield of Montana provider network.

A **Participating Provider** agrees to accept payment of the Allowable Fee from Blue Cross and Blue Shield of Montana for covered services, together with any Deductible and Coinsurance from the Member, as payment in full. Generally, The Plan will pay the Allowable Fee for a covered service directly to a Participating Provider. In any event, The Plan may, in its discretion, make payment to the Member, the provider, the Member and provider jointly, or any person, firm, or corporation who paid for the services on the Member's behalf.

**Nonparticipating providers** do not have to accept Blue Cross and Blue Shield of Montana payment as payment in full. Blue Cross and Blue Shield of Montana reimburses a nonparticipating provider for covered services according to the Allowable Fee. The nonparticipating provider can bill the Member for the difference between payment by Blue Cross and Blue Shield of Montana and provider charges plus Deductible and Coinsurance. The Member will be responsible for the balance of the nonparticipating provider's charges after payment by Blue Cross and Blue Shield of Montana and payment of any Deductibles and Coinsurance.

The Plan will not pay for any services, supplies, or medications which are not covered services, or for which a Benefit maximum has been met, regardless of whether provided by a Participating Provider or a nonparticipating provider. The Member will be responsible for such services, supplies, or medications.

### **Pretreatment Estimate of Benefits and Treatment Plan**

If the Member's Dentist recommends a Course of Treatment that will cost more than \$300, the Dentist should prepare a claim form describing the planned treatment (called a "treatment plan"), copies of necessary x-rays, photographs and models and an estimate of the charges prior to beginning the Course of Treatment. The Plan will review the report and materials, taking into consideration any alternative adequate Course of Treatment, and will notify the Member and the Dentist of the estimated Benefits which will be provided under this Contract. This is not a guarantee of payment, but an estimate of the Benefits available for the proposed services to be rendered. The Plan's Pretreatment Estimates of Benefits are valid for 180 days, provided all eligibility and Contract requirements are met. If the approved procedure is not done within that time period, or if the patient's condition changes, the Member is responsible for asking the Dentist to submit another request and treatment plan, along with the required current documentation. A new Pretreatment Estimate of Benefits must then be issued by The Plan.

## COMPLAINTS AND GRIEVANCES

### Complaints and Grievances

The Plan has established a Complaint and Grievance process. A Complaint involves a communication from the Member expressing dissatisfaction about The Plan's services or lack of action or disagreement with The Plan's response. A Grievance will typically involve a Complaint about a provider or a provider's office, and may include Complaints about a provider's lack of availability or quality of care or services received from a provider's staff.

Most problems can be handled by calling Customer Service at the number appearing on the inside cover of this Member Guide. The Member may also file a written Complaint or Grievance with The Plan. The fax number, email address, and mailing address of The Plan appears on the inside cover of this Member Guide. Written Complaints or Grievances will be acknowledged within 10 days of receipt. The Member will be notified of The Plan's response within 60 days from receipt of the Member's written Complaint or Grievance.

#### Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of claim. There are two types of claims as defined below.

- Pre-Service Claim is any request for Benefits or a determination with respect to which the terms of the Benefit Plan condition receipt of the Benefit on approval of the Benefit in advance of obtaining dental care.
- Post-Service Claim is notification in a form acceptable to The Plan that a service has been rendered or furnished. This notification must include full details of the service received, including the name, age, sex, identification number, the name and address of the provider, an itemized statement of the service rendered or furnished, the date of service, the claim charge, and any other information which The Plan may request in connection with services rendered.

Pre-Service Claims

| Type of Notice   | Timing  |
|--|---|
| <i>The Plan must notify of the claim determination (whether adverse or not):</i> |   |
| If The Plan received all information necessary to complete the review, within:   | 2 working days of receipt of the complete claim or 3 calendar days of the request, whichever is sooner, if the claim is approved; and 3 calendar days of the request, if the claim is denied. |

Post-Service Claims

| Type of Notice or Extension  | Timing                         |
|--|--------------------------------|
| If the claim is incomplete, The Plan must notify the Member within:  | 30 days                        |
| If the Member is notified that the claim is incomplete, the Member must then provide completed claim information to The Plan within: | 45 days after receiving notice |
| <i>The Plan must notify the Member of any adverse claim determination:</i>   |                                |
| if the initial claim is complete, within:  | 30 days                        |
| after receiving the completed claim (if the initial claim is incomplete), within:  | 45 days                        |

\*This period may be extended one time by The Plan for up to 15 days, provided that The Plan both (1) determines that such an extension is necessary due to matters beyond the control of The Plan and (2) written notification is sent prior to the expiration of the initial 30-day period, if the circumstances requiring the extension of time and the date by which The Plan expects to render a decision.

**Claim Appeal Procedures**

**Claim Appeal Procedures - Definitions**

An “Adverse Benefit Determination” means a denial, reduction, or a failure to provide or make payment (in whole or in part) for, a Benefit, including any such denial, reduction, or failure to provide in response to a claim, or Pre-Service Claim, or make payment for, a Benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which Benefits are otherwise provided because it is determined to be experimental/investigational or not Dentally Necessary or appropriate. If an ongoing Course of Treatment had been approved by The Plan and The Plan reduces such treatment (other than by amendment or termination of the Employer’s Benefit Plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination.

**How to Appeal an Adverse Benefit Determination**

The Member has the right to seek and obtain a full and fair review of any determination of a claim, any determination of a request for preauthorization, or any other determination made by The Plan. An Appeal of an Adverse Benefit Determination may be filed by the Member or a person authorized to act on the Member’s behalf. In some circumstances, a dental care provider may Appeal on his/her own behalf. The Member may orally request an Appeal if the requested dental service has been denied on the basis that it is not Dentally Necessary or it is experimental or investigational. If the Member believes The Plan incorrectly denied all or part of the claim, the Member may have the claim reviewed. The Plan will review its decision in accordance with the following procedure:

- Within 180 days after the notice of an Adverse Benefit Determination, the Member may write to The Plan to request a claim review. The Plan will need to know the reasons why the Member does not agree with the Adverse Benefit Determination. Send the request to:

Blue Cross and Blue Shield of Montana  
PO Box 6227  
Helena, MT 59604-6227

- The Plan will honor telephone requests for information; however, such inquiries will not constitute a request for review.
- In support of the claim review, the Member has the option of presenting evidence and written testimony to The Plan. The Member and/or an authorized representative may ask to review the file and any relevant documents and may submit written issues, comments and additional dental information within 180 days after the Member receives notice of an Adverse Benefit Determination or at any time during the claim review process.

The Plan will provide the Member and authorized representative with any new or additional evidence or rationale and any other information and documents used in the review of the claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale will be provided to the Member or an authorized representative sufficiently in advance of the date a final decision on Appeal is made in order to give the Member a chance to respond. If the initial Benefit determination regarding the claim is based in whole or in part on a dental judgment, the Appeal determination will be made by a Dentist associated or contracted with The Plan and/or by external advisors, but who were not involved in making the initial denial of the claim.

- If the Member has any questions about the claims procedures or the review procedure, write to Blue Cross and Blue Shield of Montana or call toll-free Customer Service Helpline number shown on the inside cover of the Member Guide or on the Member's Identification Card.

### **Timing of Appeal Determinations**

The Plan will render a determination of the pre-service Appeal as soon as practical, but in no event more than 30 days after the Appeal has been received by The Plan.

The Plan will render a determination of the post-service Appeal as soon as practical, but in no event more than 60 days after the Appeal has been received by The Plan.

### **Notice of Appeal Determination**

The Plan will notify the party filing the Appeal, the Member, and, if a clinical Appeal, any dental care provider who recommended the services involved in the Appeal, by a written notice of the determination.

The written notice will include:

- The reasons for the determination;
- A reference to the Benefit Plan provisions on which the determination is based;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, dental care provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, treatment codes with their meanings are also available;
- An explanation of The Plan's external review processes (and how to initiate an external review) and a statement of the Member's right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on external Appeal;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for Benefits;

- Any internal rule, guideline, protocol or other similar criterion relied on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
- An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request; and
- Contact information for applicable office of consumer program assistance.

If The Plan denies the Appeal, in whole or in part, or a timely decision is not made, the Member has the right to request an external review of the claim by an independent third party, who will review the denial and issue a final decision. The external review rights are described in the How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO) section below.

### **How to Appeal a Final Internal Adverse Determination to an Independent Review Organization (IRO)**

An “Adverse Determination” means a determination by The Plan or its designated utilization review organization that a dental care service that is a covered service has been reviewed and, based upon the information provided, is determined to be experimental/investigational, or does not meet The Plan’s requirements for Dental Necessity, or appropriateness and the requested service or payment for the service is therefore denied or reduced.

A “Final Internal Adverse Benefit Determination” means an Adverse Benefit Determination that has been upheld by The Plan at the completion of The Plan’s internal review/Appeal process.

This procedure (not part of the Complaint process) pertains only to Appeals of Adverse Determinations

Any party whose Appeal of an Adverse Determination is denied by The Plan may seek review of the decision by an IRO. At the time the Appeal is denied, The Plan will provide the Member or a designated representative or Provider of record, information on how to Appeal the denial, including the approved form, which the Member or a designated representative, or Provider of record must complete.

- The Plan will submit dental records, names of Providers and any documentation pertinent to the decision of the IRO.
- The Plan will comply with the decision by the IRO.
- The Plan will pay for the independent review.

Upon request and free of charge, the Member or Member’s designee may have reasonable access to, and copies of, all documents, records and other information relevant to the claim or Appeal, including:

- information relied upon to make the decision;
- information submitted, considered or generated in the course of making the decision, whether or not it was relied upon to make the decision;
- descriptions of the administrative process and safeguards used to make the decision;
- records of any independent reviews conducted by The Plan;
- dental judgments, including whether a particular service is experimental/investigational or not Dentally Necessary or appropriate; and
- expert advice and consultation obtained by The Plan in connection with the denied claim, whether or not the advice was relied upon to make the decision.

The Appeal process does not prohibit the Member from pursuing other appropriate remedies, including: injunctive relief; a declaratory judgment or other relief available under law. If the dental insurance plan is governed by the Employee Retirement Income Security Act (ERISA), the Member may have the right to bring civil action under 502(a) of ERISA.

## CLAIMS

### How to Obtain Payment for Benefits

1. If a Member obtains Benefits from a participating provider, the participating provider will submit claims to The Plan for the Member. If a Member obtains Benefits from a nonparticipating provider, the Member may be required to submit all claims to The Plan. All claims for services must be submitted no later than 12 months after the date on which the services were received after the end of the Benefit Period in which Dental Services were provided. All claims must provide enough information about the services for The Plan to determine whether or not they are a Benefit. Submission of such information is required before payment will be made. In certain instances, The Plan may require that additional documents or information including, but not limited to, accident reports, medical records, and information about other insurance coverage, claims, payments and settlements, be submitted within the timeframe requested for the additional documentation before payment will be made.

**NOTE:** The Member must submit all claims for Dental Services provided outside of the state of Montana.

2. Claims must be submitted to the address listed on the inside cover of this Member Guide.

## GENERAL PROVISIONS

### Modification of Member Guide

The Plan may make administrative changes or changes in dues, terms or Benefits in the Montana University System Student Insurance Plan by giving written notice to the Montana University System Student Insurance Plan at least 60 days in advance of the effective date of the changes. Dues may not be increased more than once during a 12-month period, except as allowed by Montana law.

**No change in the Member Guide will be valid unless in writing and signed by the President of Blue Cross and Blue Shield of Montana. No other agent or representative or employee of The Plan may change any part of this Member Guide.**

### Clerical Errors

No clerical error on the part of The Plan shall operate to defeat any of the rights, privileges, or Benefits of any Member covered under this Member Guide. Upon discovery of errors or delays, an equitable adjustment of charges

and Benefits will be made. Clerical errors shall not prevent administration of the Member Guide in strict accordance with its terms.

### **Notices Under Contract**

Any notice required by the Contract may be given by United States mail, postage paid. Notice to the Beneficiary Member will be mailed to the address appearing on the records of The Plan. Notice to The Plan must be sent to Blue Cross and Blue Shield of Montana at the address listed on the inside cover of this Member Guide. Any time periods included in a notice shall be measured from the date the notice was mailed.

A Beneficiary Member or Family Member may reasonably request, in writing, that any communication of the Member's health information be sent to an alternate address or by alternative means should disclosure of any of the Member's health information endanger the Member.

### **Contract Not Transferable by the Member**

No person, other than the Beneficiary Member listed on the subscriber application for membership and accepted by The Plan, is entitled to Benefits under the Contract. The Contract is not transferable to any other person.

### **Rescission of Member Guide**

This Member Guide is subject to rescission if the Member commits an act, practice, or omission that constitutes fraud, or makes an intentional misrepresentation of a material fact, concerning a Member's health, claims history, or current receipt of health care services. The Plan will provide at least 30 days advance written notice to the subscriber before coverage may be rescinded.

### **Validity of Contract**

If any part, term, or provision of the Contract is held by the courts to be illegal or in conflict with or not in compliance with any applicable law of the state of Montana or the United States, the Contract shall not be rendered invalid but shall be construed and applied in accordance with such provisions as would have applied had the Contract been in conformance with applicable law and the validity of the remaining portions or provisions shall not be affected. The rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular part, term, or provision held to be invalid.

### **Waiver**

The waiver by The Plan of any breach of any provision of this Member Guide will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure of The Plan to exercise any right hereunder will not operate as a waiver of such right. All rights and remedies provided herein are cumulative.

### **Payment by the Plan**

Payment under the Contract is not assignable by the Member to any third party. Payment made by The Plan shall satisfy any further obligation of The Plan.

### **Conformity with State Statutes**

The provisions of this Member Guide conform to the minimum requirements of Montana law and have control over any conflicting statutes of any other state in which the Member resides on or after the Effective Date of this Member Guide.

### **Forms for Proof of Loss**

The Plan shall furnish, upon request of a Member, forms for filing proof of loss. If forms are not furnished within 15 days after the Member provided notice of sickness or injury to The Plan, the Member is considered to have complied with the requirements of the Contract as to proof of loss upon submitting, with the time established in the Contract for filing proof of loss, written proof covering the occurrence, character and extent of the loss for which claim is made.

## **Proofs of Loss**

Written proof of loss must be furnished to The Plan at its said office in case of claim for loss for which this Policy provides any periodic payment contingent upon continuing loss within 90 days after the termination of the period for which The Plan is liable and in case of claim for any other loss within 90 days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate or reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than 1 year from the time proof is otherwise required.

## **Legal Actions**

No action at law or inequity shall be brought to recover on this Member Guide prior to the expiration of 60 days after written Proof of Loss has been furnished in accordance with the requirements of this Member Guide. No such action shall be brought after the expiration of three years after the written Proof of Loss is required to be furnished.

## **Time of Payment of Claims**

Indemnities payable under this Member Guide for any loss other than loss for which this Member Guide provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Member Guide provides periodic payment will be paid monthly, and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

## **Physical Examinations**

Blue Cross and Blue Shield of Montana, at its own expense, shall have the right and opportunity to examine the person of a Member when and as often as it may reasonably require during the pending of a claim and also the right and opportunity to make an autopsy in case of death when it is not prohibited by law.

## **Members Rights**

Members have only those rights as specifically provided in this Member Guide. In addition, when requested by the insured or the insured's agent, Montana law requires The Plan to provide a summary of a Member's coverage for a specific health care service or course of treatment when an actual charge or estimate of charges by a health care provider, surgical center, clinic or Hospital exceeds \$500.

## **Alternate Benefits**

In all cases in which there is more than one service or Course of Treatment to treat the Member's dental condition, the Benefit will be based on the less costly covered services or Course of Treatment.

When two or more services are submitted and the services are considered part of the same service, The Plan will pay the most comprehensive service as determined by The Plan.

When two or more services are submitted on the same day and the services are considered mutually exclusive (one service contradicts the need for the other service), The Plan will pay for the service that represents the final treatment as determined by The Plan.

If the Member and the Member's Dentist decide on personalized restorations, or personalized complete or partial dentures and overdentures, or to employ specialized techniques for Dental Services rather than standard procedures, the Benefits provided will be limited to the Benefit for the least costly Course of Treatment or procedures for Dental Services, as determined by The Plan.

## **Benefit Maximums**

Once The Plan pays the maximum amount for a specific Benefit, no further payment will be made for that specific condition under any other provisions of this Member Guide.

## **Pilot Programs**

The Plan reserves the right to develop and enter into pilot programs under which health care services not normally covered under this Member Guide will be paid. The existence of a pilot program does not guarantee any Member the right to participate in the pilot program or that the pilot program will be permanent.

## **Subrogation**

1. To the extent that Benefits have been provided or paid under this Member Guide, The Plan may be entitled to subrogation against a judgment or recovery received by a Member from a third party found liable for a wrongful act or omission that caused the Injury requiring payment for Benefits.
2. The Member will take no action through settlement or otherwise which prejudices the rights and interest of The Plan under this Member Guide.
3. If the Member intends to institute an action for damages against a third party, the Member will give The Plan reasonable notice of intention to institute the action. Reasonable notice will include information reasonably calculated to inform The Plan of facts giving rise to the third-party action and of the prospects for recovery.
4. The Member may request that The Plan pay a proportional share of the reasonable costs of the third-party action, including attorney fees. If The Plan elects not to participate in the cost of the action, The Plan waives 50 percent of its subrogation interest.
5. The right of subrogation may not be enforced until the Member has been completely compensated for the injuries.

## **Statements are Representations**

All statements and descriptions in any application shall be considered representations and not warranties. Misrepresentations, omissions, concealment of facts and incorrect statements shall not prevent a recovery under the Member Guide unless:

1. Fraudulent;
2. Material either to the acceptance of the risk or to the hazard assumed by The Plan; or
3. The Plan in good faith would not have issued the Member Guide, would not have issued the Member Guide in as large an amount or at the same premium or rate or would not have provided coverage with respect to the hazard resulting in the loss if the true facts had been made known to The Plan as required either by the application for the Member Guide or otherwise. No statement made for the purpose of effecting coverage shall avoid such coverage or reduce Benefits unless contained in a written instrument signed by the Member, a copy of which has been furnished to such Member.

## **Right to Audit**

The Plan reserves the right to audit the eligibility records to determine whether all students are eligible. The Plan further reserves the right to correspond directly with employees to obtain affidavits certifying such eligibility.

## **Independent Relationship**

Participating providers furnishing care to a Member do so as independent contractors with The Plan; however, the choice of a provider is solely the Member's. Under the laws of Montana, The Plan cannot be licensed to practice medicine or surgery and The Plan does not assume to do so. The relationship between a provider and a patient is personal, private, and confidential. The Plan is not responsible for the negligence, wrongful acts, or omissions of any providers, or provider's employees providing services, or Member receiving services. The Plan is not liable for services or facilities which are not available to a Member for any reason.

## **Blue Cross and Blue Shield of Montana as an Independent Plan**

The Montana University System Student Insurance Plan, on behalf of itself and its students, hereby expressly acknowledges its understanding that this Member Guide constitutes a contract solely between the Montana University System Student Insurance Plan and The Plan, that The Plan is an independent corporation operating under a license with the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association") permitting The Plan use the Blue Cross and Blue Shield Service Mark in the state of

Montana, and that The Plan is not contracting as the agent of the Association. The Montana University System Student Insurance Plan further acknowledges and agrees that it has not entered into the Contract based upon representations by any person other than The Plan and that no person, entity, or organization other than The Plan shall be held accountable or liable to the Montana University System Student Insurance Plan for any of The Plan's obligations to the Montana University System Student Insurance Plan created under the Contract. This paragraph shall not create any additional obligations whatsoever on the part of The Plan other than those obligations created under other provisions of the Contract.

## DEFINITIONS

This section defines certain words used throughout this Member Guide. These words are capitalized whenever they are used as defined.

### ALLOWABLE FEE

1. The amount determined by The Plan as the maximum amount eligible for payment of Benefits. A participating Dentist agrees to accept payment of the Allowable Fee from the Plan for Dental Services, together with any Deductible, Coinsurance and/or Copayment from the Member, as payment in full. Nonparticipating Dentists do not have to accept The Plan's payment as payment in full and can bill the Member for the difference between payment by The Plan and provider charges plus Deductible, Coinsurance and/or Copayment. The Member will be responsible for the balance of the nonparticipating Dentist's charges after payment by The Plan and payment of any Deductible, Coinsurance and/or Copayment.
2. An amount which is the lesser of:
  - The amount billed by the nonparticipating Dentist; or
  - The maximum allowance, as determined by The Plan based on the fees which Dentists in the same relative geographic area usually charge patients for the same Dental Service
3. The amount determined by The Plan which participating Providers have agreed to accept as payment in full for a particular Dental Service. These amounts may be amended from time to time by The Plan.

For the Member - Is the same as for the Member Guide except if the Member's Effective Date is after the Effective Date of the Member Guide, the Benefit Period begins on the Member's Effective Date and ends on the same date the Member Guide Benefit Period ends. Thus, the Member's Benefit Period may be less than 12 months.

### COINSURANCE

The percentage of the Allowable Fee payable by the Member for covered Dental Services. The applicable Coinsurance for In-Network covered Dental Services and Out-of-Network covered Dental Services is stated in the Schedule of Benefits.

### COMPLAINT

**COVERED PROVIDER**

A participating or nonparticipating provider which has been recognized by Blue Cross and Blue Shield of Montana as a provider of services for Benefits described in this Member Guide. A provider may, because of the limited scope of practice, be covered only for certain services provided. To determine if a provider is covered, The Plan looks to the nature of the services rendered, the extent of licensure and The Plan's recognition of the provider.

**DEDUCTIBLE**

The dollar amount each Member must pay for Dental Services incurred during the Benefit Period before The Plan will make payment for any Dental Services to which the Deductible applies. Only the Allowable Fee for Dental Services is applied to the Deductible. Thus, Member responsibility for Coinsurance, noncovered services, or amounts billed by nonparticipating providers, does not apply to the Deductible.

**DENTAL PROVIDER**

A Dental Provider may be participating or nonparticipating. A participating Dental Provider is a provider who has a contract with Blue Cross and Blue Shield of Montana. These providers agree to accept payment directly from Blue Cross and Blue Shield of Montana for covered dental Benefits. The Member may obtain a list of participating Dental Providers from Blue Cross and Blue Shield of Montana upon request.

If a Member receives services from a nonparticipating Dental Provider, the Member is responsible for the balance of the nonparticipating provider's bill after payment by Blue Cross and Blue Shield of Montana.

A specific procedure or supply provided to the Member that is reasonably required, in the judgment of The Plan, for the treatment or management of the Member's specific dental symptom, injury, or condition and is the most

efficient and economical procedure that can safely be provided to the Member. The fact that a Dentist or other provider may prescribe, order, recommend or approve a procedure does not make such a procedure Medically Necessary. To be Medically Necessary, the procedure or supply must also conform to approved and generally accepted standards of accepted dental practice prevailing in the state when and where the procedure or supply is ordered. Such procedures or supplies are also subject to review and analysis by dental consultants, retained by The Plan. These consultants review the claim and diagnostic materials submitted in support of the claim, and based upon their professional opinions, determine the necessity and propriety of treatment.
