Graduate Recognition Information

As a way to recognize academic achievement, Great Falls College Montana State University candidates for graduation with high academic honors are presented with double gold cords, and candidates for graduation with honors are presented with single gold cords. Candidates for graduation, who are members of Phi Theta Kappa, the College's honor society, also have identifying insignia indicating membership in Phi Theta Kappa.

Honors levels printed in this program are based on all higher education work completed at the time the program was printed. This does not include work completed at the end of Spring Semester 2021. If honors levels were changed by any work completed after the program was printed, every effort has been made to provide the proper cords, and the new honors levels will be read as the graduates are introduced.

Red, white, and blue honor cords recognize students and faculty who currently serve or were honorably discharged from the United States Armed Forces, including members of the National Guard and Reserves.

The Red Cord Honors Program is designed to recognize students, faculty, or staff who have donated blood at least three times during the school year through the American Red Cross. The American Red Cross then awards a red honor cord that participants may wear during their commencement, with their school's permission.

The candidates selected by their Divisional faculty to lead Division graduates in this ceremony are also indicated by white stoles.

The list of graduates included on the commencement program is not intended to be used as an official indication of graduation and/or honors. The diploma of the College and the official transcript, signed and sealed by the proper officers, provide authentic testimony of the conferring of a degree and honors.
